EDUCATION

University of Mumbai2021-2024

Bachelor of Science in Information Technology

EXPERIENCE

- Web Developer InternCodeAlpha TechMarch 2024 - April 2024

 - Actively contributed to the development of React projects, leveraging skills in HTML, CSS, JavaScript, and React to create interactive and responsive user interfaces. Improved load times by 20% through optimized coding practices and efficient resource management.
 - Applied responsive design principles to ensure seamless user experiences across various devices and screen sizes, enhancing the usability and accessibility of web applications.
 - Demonstrated proficiency in troubleshooting and debugging frontend issues, efficiently identifying and resolving bugs to ensure smooth functionality and optimal performance of web applications.
- Software Developer InternTCR Ltd.March 2024 - June 2024

 - Collaborated with the development team to design and implement user-friendly web applications using the Angular framework. Played a key role in project planning and feature discussions, leading to a 25% increase in development efficiency and timely project completion.
 - Developed and maintained responsive web pages with Angular components, services, and modules. Ensured 100% responsiveness across various devices, which contributed to a 30% improvement in user engagement and satisfaction

PROJECTS

- E-commerce Website

 - Successfully developed "Fashion Street," an e-commerce website leveraging Next.js, HTML, CSS, and JavaScript technologies to facilitate online clothing purchases.
 - This project involved creating a highly intuitive platform for browsing and purchasing clothing items, achieving a 30% increase in user engagement through responsive design and interactive features.
- Cab Booking Website:

 - Successfully architected "SnapRide," a responsive cab booking platform with a robust backend powered by Node.js and MongoDB. Integrated dynamic features such as real-time availability tracking and secure payment processing, resulting in a 40% increase in booking efficiency.
 - Employed MongoDB for efficient data storage and retrieval, enhancing seamless user interactions and data management, which contributed to a 35% improvement in user satisfaction and retention.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, C, C++.

Developer Tools: Git, GitHub, Visual Studio.

Libraries: React js, Next js

Database: MongoDB , MySql

ACHIEVEMENTS

- Participated in the VSIT Website UI and UX Contest to showcase design prowess.
- Enhanced project in the VJTI National Level Hackathon with measurable improvements in efficiency and performance metrics.

CO-CURRICULAR ACTIVITIES

- CODEBUG TECH SEMINAR:** Organized and hosted a machine learning seminar, resulting in a well-attended and informative event. Designed and executed a marketing campaign to promote the seminar, resulting in over 80 attendees. (3rd prize)
- Completed training on Digital Marketing conducted by Sahyog College.
